The Coos Bay Helpless—Governor-elect Budd Says His Health is Good—An Inspector Loses Two Prisoners.

TACOMA (Wash.) Nov. 26.—F. L. Lowe, an Orting carpenter, says that he and some hunting companions were within six miles of Mt. Tacoma's top last Wednesday afternoon, and that several shocks of earthquake were distinctly felt in the mountain's base. Several great avalanches were heard crashing down the mountain side, and making such a noise that it seemed, Lowe says, as if the world was coming to an end.

This occurred on the north side of the mountain. Rocks were piled over a hundred feet high in Puyallup River, and on returning, they crossed the debris of an avalanche which was of great depth, half a mile wide and four or five miles long. It was early Wednesday evening that a slight earthquake shock was felt in Tacoma.

LOST HIS PRISONERS.

A Careless Customs Inspector Beaten into Insensibility.

Associated Press Leased-wire Service.

SAN FRANCISCO, Nov. 26.—Customs Inspector Ralph Conklin, who, since his appointment by Collector Fisher, some months ago, has been stationed at Camp, was assisted Sunday evening at a lonely place about seventeen miles this side of Camp, by Private George and Ignacio Sotelo, who had been sent for among the prisoners who had been captured or secured in any other manner. As night came on they seized a favorable opportunity and overpowered the officer, beating him with his own revolver into insensibility, and left him handcuffed in the road. The prisoners escaped. Conklin is now very ill indeed, but his condition is not dangerous. His assailants are being pursued on both sides of the line.

SALVINI'S ACTING.

It Causes a Furore at the Baldwin Theater in San Francisco.

SAN FRANCISCO, Nov. 26.—Salvin opened his engagement here at the Baldwin Theater tonight. All the regular first-nighters were on hand and the best element of San Francisco society was well represented. The popularity of the "Three Guardsmen," the bill of the evening, served to fill the upper parts of the house to overflowing and beyond question Salvin was greeted by the largest house. The exciting incidents of the play, enhanced by Salvin's natural methods of acting and enthusiasm, were followed and applauded by the audience as if it were an entirely new work.

The supporting cast, which has been strengthened since his last visit, by the acquisition of such artists as Miss Eleanor Moretti, William Harris and John A. Lane, is perhaps as strong in the aggregate as that of any star now on tour. The scenic equipment and accessories came in for enthusiastic applause.

NEW EVIDENCE.

Important Testimony Given at the Hatch Trial Yesterday.

WOODLAND, Nov. 26.—Among the witnesses in the Hatch trial this morning were J. T. Bryant, a boiler-maker; George Averill, a machinist, and G. A. Koehbaugh, a mechanic, none of whom gave testimony at the preliminary examination of the Warden trial. These witnesses testified that they were sent to the streets ostensibly to guard the railroad property.

One went under orders from Harry Knox and the other two under orders from the A.R.U. When they learned that the train was to be derailed, Averill wanted to flag it, but was told that if he did so he would be shot. When the explosion occurred these three witnesses became frightened and ran away, hiding in the tules. Afterwards they crossed to Sacramento in a boat.

SOUTHEAST STORM.

Signals Raised at Eureka and San Francisco.

SAN FRANCISCO, Nov. 26.—Signals for a southeast storm are displayed at Eureka and Point Reyes light, and at San Francisco signals are up warning the marines against a probable severe storm central of the mouth of the Columbia River, and apparently moving northeast.

High southwest winds shifting to south-west tonight are anticipated from Point Reyes northward, with dangerous gales off the Oregon and Washington coast. The wind at Tatooch Island attained a velocity of ninety-two miles from the east last night. Rain is anticipated as far south as San Luis Obispo.

Associated Press Leased-wire Service.

ALAMEDA, Nov. 26.—Superintendent Sullivan of the Alameda schools, who has been ordered by the board of school directors to exercise a censorship over the literature given to the public schools by the W.C.T.U., declared that the pamphlets and tracts must hereafter be limited to teachings about the harmfulness of cigar-smoking, temperance, or the less injurious forms of tobacco can be permitted to enter the classrooms.

THE COOS BAY.

She is Towed Back to San Francisco by the Pomona.

Associated Press Leased-wire Service.

SAN FRANCISCO, Nov. 26.—The steamer Pomona arrived here today, having in tow the disabled steamer Coos Bay, which was disabled at Santa Barbara Channel by a broken cross shaft. It will be impossible to start the Coos Bay out on her regular time, and the passenger Yaquna has been announced by the Pacific Coast Steamship officials as the vessel to take her place.

THE WINE MAKERS.

SAN FRANCISCO, Nov. 26.—The California Wine-makers' Association has secured signatures representing over seven million gallons of the annual production of wines in this State out of the required 8,000,000 representation. A number of

wine-growers are holding back, wishing to secure all the benefits of higher prices, and protection without assuming any obligations. In this way they can undersell the others if they desire.

GOVERNOR-ELECT BUDD.

The Report that His Health is Seriously Affected is Denied.

Associated Press Leased-wire Service.

SAN FRANCISCO, Nov. 26.—The Examiner says: "It has been rumored about the streets for a few days past that Governor-elect Budd's health was seriously impaired. In fact, it gained currency that he had serious lung trouble, resulting in severe hemorrhages. There is no truth in the story. Mr. Budd's health is excellent. He has been suffering from a slight indisposition, and may have to remain in the city for a day or two, but that is all. I never had a hemorrhage in my life," he said tonight, "and there is nothing the matter with my lungs."

An Armed Patrol.

VANCOUVER, (B. C.) Nov. 26.—For years past the northern coast of this province has had a reputation for lawlessness and crime, and the government has been repeatedly petitioned to provide better police protection. At last the Dominion government has decided to fit out an armed cutter to patrol the coast.

Fell off a Gangplank.

VANCOUVER, (B. C.) Nov. 26.—Johanna Nelson, a Swedish woman, fell into the Fraser river at Westminister, last night, and drowned. In company with some friends she was going aboard the steamer Samson, but in the dark she slipped off the gangplank and fell into the river.

A Crematory at 'Frisco.

SAN FRANCISCO, Nov. 26.—The first crematory to be erected in San Francisco is now in course of construction in Odd Fellows Cemetery. The foundation is already laid and the chimneys almost finished. It is expected that the crematory will be operation next February.

A Girl's Suicide.

LATAH (Wash.) Nov. 26.—Helen Clark, the sixteen-year-old daughter of I. N. Clark, a well-known pioneer, committed suicide last night. No motive can be assigned for the act.

THE RAILROADS.

THE CUT ON OVERLAND RATES IS NOW IN FORCE.

The Southern Pacific Pushing Work on the Coast Line in San Luis Obispo County—Other News Items.

The rate war is on, the cut on overland traffic going into effect today. This will have the effect of reducing the through rate from California points to Chicago from \$75 to \$54 first-class, and from \$32.50 to \$40 second-class, with the prospect of a still further cut as the hostilities progress. Both the Santa Fe and the Southern Pacific will make special efforts to secure business, and if the differences are not speedily adjusted, it will soon be cheaper to ride than stay at home.

OPENED AN OFFICE.

The Texas and Pacific and Missouri Pacific Railway companies have opened an office at No. 123 West Second street, T. D. Connell being in charge as freight and passenger agent.

RUSHING WORK ON THE COAST LINE.

SAN LUIS OBISPO, Nov. 26.—Grading is nearly finished to Oceano, the townsite of that name, about fifteen miles south of San Luis Obispo. This is the site selected by the Southern Pacific Company.

Plumb has excellent timber and driving facilities for over fifteen miles.

The Arroyo Grande Valley, which extends from the Huasna east and westerly to the ocean, near Plumb Beach, is one of the most fertile sections of the State, and is widely known for its large and choice vegetable products.

Beyond the townsite of Oceano considerable work has been done in the way of grading for the railway, but the bridge structure across the Santa Margarita River cannot be pushed until the track is laid, enabling them to haul material.

Track-laying south of San Luis Obispo is in full operation, and within four or five weeks may be expected to reach Oceano, and by the spring, or early in the summer, twenty-five or thirty miles of road will be complete and in running order.

WILL NOT JOIN THE TRANSCONTINENTAL.

NEW YORK, Nov. 26.—General Passenger Agent Lomax of the Union Pacific

today said: "We have no intention whatever of joining the Western Passenger Association. We have not a line east of the Missouri River, and we do not propose to tie up our road just for the Denver line and give our competitors for the coast traffic a snap."

We have been fooled that way too many times, and we do not want to do it again." Mr. Hayes has gone to Chicago to attend the meeting for the reorganization of the association today, but there is no danger of the Union Pacific joining as the association is now.

"With the Union Pacific join a transcontinental association, he was asked. "That is an entirely different question. A transcontinental association with the Western Association as it has been, I cannot say just at present whether or not we would come into a transcontinental association. It would depend entirely upon what it was that it was organized. If it included all the roads and was such an association as it would be, the Union Pacific would probably join."

Mr. Lomax laid particular stress on the statement that the Union Pacific did not propose to join any western passenger association.

SAFETY OF THE PUBLIC.—Some radical changes were made. It is the consensus of opinion in local railroad circles that there must be a transcontinental association of all the transcontinental roads in order to settle the constantly rising troubles with rates.

Local authorities declare that an effort will be made to organize an association so that the Union Pacific, Santa Fe, Northern Pacific, Southern Pacific, Great Northern and other roads can come in, then the troubles will be over.

THE IRASCIBLE GAUL.

Minister Poincaré and Editor Bouanot not to Fight a Duel.

Associated Press Leased-wire Service.

PARIS, Nov. 26.—By Atlantic Cable.

The debate on the Madagascar credit was quiet. The granting of the money asked for was a foregone conclusion after Saturday's vote. During the sitting of the chamber M. Poincaré, Minister of Finance, alluded to an insulting article that had been written by M. Gustav Bouanot, a Socialist editor, who represents a Paris constituency in the Chamber.

M. Bouanot took umbrage at the language of M. Poincaré and replied in a violent and abusive manner against the transcontinental lines in it would differ very materially from the Western Association as it has been. I cannot say just at present whether or not we would come into a transcontinental association. It would depend entirely upon what it was that it was organized. If it included all the roads and was such an association as it would be, the Union Pacific would probably join."

An Engineer Refuses to Halt His Train for Bandits.

Associated Press Leased-wire Service.

FORT SMITH (Ark.), Nov. 26.—Indian Agent Wisdom and ex-Indian Agent Bennett, both of Muskogee, came down on last night's train from the bandit part of the Territory. At Waggoner they were notified that the freight train just ahead of them had been fired into near Bragg station, seven men mounted on horseback and armed to the teeth, undertaking to halt the train in broad daylight, but the engineer pulled the throttle wide open and ran at full speed.

A volley of bullets was fired at the cab, and when the caboose went by it was also fired into and riddled with bullets.

The passenger train expected to be held up, and preparations were made for a fight, but the train came through without molestation.

THE SYNDICATE BID.

Secretary Carlisle Has Now Accepted It.

The Entire Fifty Million Dollars Worth of Bonds are Awarded.

Including Premium They Will Realize to the Government Fifty-eight and a Half Million Dollars Reserve.

Associated Press Leased-wire Service.

WASHINGTON, Nov. 26.—Secretary Carlisle today acted in the matter of the allotment of the \$50,000,000 per cent bonds, bids for which were opened at the Treasury Department Saturday. He accepted the proposals submitted by the syndicate represented by John A. Stewart, of the United States Trust Company of New York, and others, to take the entire issue at \$117.077. It is the expectation of the treasury officials that deposits of gold for the payment of the bonds will be made very promptly, and as the understanding is that none of the gold is to be taken from the treasury, an early restoration of the gold reserve to about the \$100,000,000 mark will be the result. The bonds, including premium, will realize to the government about \$58,000,000.

The gold balance, which is now, in round numbers, \$57,500,000, will, if the expectations of the officials regarding the deposit of gold are correct, be increased to about \$100,000,000.

Before, there has been \$4,500,000 in gold drawn from the sub-treasuries at New York, presumably for payment for the bonds. Assistant Secretary Curtis learned during the morning, unofficially, that \$8,000,000 in gold had been deposited in the sub-treasury for the issue. The gold is deposited, as is the Bureau of Engraving and Printing has been busy at work preparing for the issue, will, it is expected, soon be ready for distribution.

The denominations of bonds which the syndicate will take are as follows: Coupons, \$50,000,000; \$25,000,000, \$34,500,000; registered, \$10,000,000.

The conditions on which the bonds are accepted is shown by the original proposals of the syndicate, which is in the following terms, minus the names of the companies composing the trust and the denominations wanted.

NEW YORK, Nov. 24, 1894.

"We hereby propose, under the terms of your circular of November 13, 1894, to purchase United States 5 per cent, ten-year bonds described in said circular of the face value of \$50,000,000, and to agree to pay therefor at the rate of \$117.077 and interest at \$100,000,000, or for any lesser amount. We further agree upon a date of notice of the acceptance of this subscription to deposit the amount thereof in gold coin or certificates with United States Assistant Treasurers at either Boston, New York, Philadelphia, St. Louis, New Orleans or San Francisco, in accordance with the terms of said circular. We desire (registered or coupon) bonds in denominations as stated below, and wish them to be delivered to us as follows:

"Four million dollars worth at New York, \$25,000,000; at Boston, \$12,000,000;

at Philadelphia, \$10,000,000; at St. Louis,

New Orleans, \$5,000,000; and at San Francisco, \$3,000,000 or other amount.

AMUSEMENTS TONIGHT.
GRAND—The Streets of New York
IMPERIAL—Vanderbilt.
BURBANK—Monte Cristo.FOR WHOM SHOULD THE WORK-
INGMEN VOTE.

Mr. Rader's organ has been praising that gentleman as a friend of the workingmen, and has further had the effrontery to insinuate that Mr. Hazard is not a friend of labor.

It is difficult to see where Mr. Rader can lay any claim to be called a friend of the workingmen. What has ever done to help the workingmen of Los Angeles, or to aid Los Angeles, either directly or indirectly? Has he ever set up foot enterprises that give employment to labor? If so, he must have kept the facts very private.

Mr. Rader's efforts have chiefly been confined to reaping the benefit of other people's labor, without taking any chances. One of the most ardent admirers and supporters of Mr. Rader is a gentleman who is satisfied with the modest interest of about 60 per cent. per annum, when backed by an ample amount of personal property as security. This individual—who, by the way, recently went on the bond of an abortionist, who was held for trial—is going around peddling cards for Mr. Rader and otherwise showing that he is in close sympathy with him. As this gentleman's time is very valuable it is not likely that he is doing this without expecting some equivalent.

Perhaps he will be able to make use in his business of some of the city funds, upon which Mr. Rader objected that the city should receive interest. If Mr. Hazard had been successful in his effort, and the city had been permitted to receive interest on these funds, the taxes would have been lightened by many thousands of dollars and all citizens, except the bankers who profit by the free use of this money, including Mr. Rader, would have had their burdens lightened.

But how, when and where has Mr. Rader been the friend of the workingmen? Is it true that when he built his residence, he took advantage of every possible technicality in order to avoid the payment of just dues, so that the mechanics were forced to place a lien upon the building? This certainly does not look as if Mr. Rader felt any particular friendship for labor. In fact, he belongs to that class of people who feel no particular sympathy for any person but themselves, and who regard it as perfectly legitimate conduct to accumulate wealth by taking advantage of the necessities of others. He has done nothing to promote any enterprise that would give employment to workingmen in Los Angeles, nor has he shown the slightest inclination to interest himself in anything of a public character from which he could not receive a direct equivalent in dollars and cents. We have already shown how, four years ago, he, at the time a man of wealth, secured the position of secretary of the Fourth of July Committee, and pocketed \$100 for his services, thus preventing some other worthy young man who needed the money from getting it. Since that time Mr. Rader has not interested himself at all in Fourth of July celebrations, the logical explanation of which abstention is that he did not see his way to make anything out of an affair to which the average and patriotic American citizen is glad to contribute according to his means. We have also shown how, when the Chamber of Commerce was organized, an institution which has done a vast amount of good for this city and section, whose usefulness has been recognized by some of the leading papers of the United States, an institution to which over eight hundred of our leading citizens belong, being glad to contribute their dollar a month to an agency which they know has yielded the city a thousand-fold for every dollar invested—when, as we say, this institution was organized, Mr. Rader, with his usual keen eye to business, offered to become a member if he could receive the position of secretary. It is scarcely to be supposed that Mr. Rader's financial interests would afford him sufficient leisure to devote to such an office, but then, of course, he might have hired some young man to do the work—at \$75 a month, pocketing the difference of \$50, which as Mr. Rader, who is a banker, is aware, represents 10 per cent. per annum on the handsome sum of \$8000. This is almost as good as handling the city money for nothing and loaning it on short notes at 2 per cent. per month.

From whatever point of view it is regarded, the plan proposed is an excellent one. By adopting it, a considerable amount of work can be done in the parks at comparatively small cost, and all persons concerned will be benefited. Favorable action in this matter by the city and county authorities is very desirable, and there should be no unnecessary delay in taking such action.

In the United States Court yesterday Judge Ross issued a decree yesterday against Mr. Deb's asserted great friendship and sympathy for the workingmen. On the other hand, the record of Mr. Hazard in this direction is clear and open as the day. It is true that he does not do the demagogue act, and pose as the

AN ORGAN'S WRATH.

Mr. Ryan's organ froths and fumes through a half column of hyperbole and bathos, in its impotent rage because of The Times' exposure of the attempts, on behalf of its candidate and of Mr. Rader, to force a religious issue upon the voters of Los Angeles. The rage of the organ is as natural as it is impotent. To unmash bigotry is to incur its anger.

The Times excepted from Mr. Ryan's organ an outburst of insane and redundant drivé, when this paper turned the searchlight of publicity upon the disgraceful religious warfare which is being waged in secret, both for and against the organ's candidate. But in calling attention to this matter, The Times has performed a plain, public duty, and the frenzy of the Ryan organ is no more to it than the idle wind.

Incidentally, in the course of its frenzied rhetoric, Mr. Ryan's organ advances some very good reasons why the intelligent voters of Los Angeles should cast their ballots for Mr. Hazard. "The people of Los Angeles," it says truly, "are not prepared to support any man who seeks to climb into public office on the religious prejudices or the religious affiliations of his fellow-citizens." For once, though unconsciously, the Ryan organ is right. But it evidently fails to see that this vicious slap at Mr. Rader hits also its own candidate, for Mr. Ryan is equally guilty with Mr. Rader in this matter, while Mr. Hazard, being free from any entanglement in this fanatical and proscriptive warfare, is clearly entitled to the support of every unprejudiced voter.

Again, the organ unconsciously and with amusing guilelessness, urges Mr. Hazard's election, while endeavoring to oppose it, in these words: "In a municipal campaign the questions at issue are not personal to a candidate's religious beliefs or social affiliations. It is not paramount that he should even be a political partisan." True again. This is precisely the consideration which The Times insists upon. It will induce intelligent and independent voters to cast their ballots for Mr. Hazard, while his opponents are appealing for votes on religious, anti-religious and partisan grounds.

And yet again Mr. Ryan's organ lends unintentional support to Mr. Hazard's candidacy, when it declares that "the voters, the taxpayers, the sensible citizens are interested only in the selection of men who will give them the best government under which their property and their civic rights may be thoroughly protected. They will not ask: Is this man a Methodist, a Presbyterian, an A.P.A., a Catholic, a Democrat, a Republican or a Populist? They will ask: Is he honest, is he capable, is he worthy to be trusted with our interests, is he the best man for the place?"

Hearing in the matter of the protest against the proposed sewerage of Main street, continued till 2 o'clock p.m. next Tuesday.

LETTERS TO THE TIMES.

A Malicious Falsehood Refuted.

LOS ANGELES, Nov. 26.—To the Editor of The Times:

I met J. Marion Brooks a few days ago, and told him that he was reported to have been present at a banquet at Col. Blanton Duncan's house, and that he was reported to be present when I made use of the remark "D—n the A.P.A.'s and their principles."

He denied the statement as a falsehood, and immediately walked into an office in the Temple Block, of the sidewalk where I met him, and wrote the following:

"There is a story going the rounds of this city, to the effect that I, with Father Hickey, H. T. Hazard and others, attended a banquet at the residence of Col. Blanton Duncan, at which various political questions were discussed, and among other things, who should be nominated for Mayor at the ensuing election. I will say that I attended a dinner at Col. Blanton Duncan's residence, and had the pleasure of meeting Father Hickey, with other members of the A.P.A. T. Hazard was not present on that occasion. At no time did I ever hear Mayor Hazard denounce the A.P.A. or their principles.

J. MARION BROOKS.

In order to give coloring to the charge that I, the bishop's candidate, to elect Rader, "was the author of the Toosin," it must be made to appear that I was present at this gathering, and the fact that I was not present makes no difference. A lie well stuck to by this class of journalists is just as good as the truth.

The Journal says: "If Mr. Hazard deny it, that is, that I said 'D—n the A.P.A.'s,' we will publish the affidavit of a gentleman who heard him say it." At my first meeting, held at Boyle Heights thereafter, I publicly denounced the bishop's candidate, to elect Rader, "as the author of the Toosin." The question was raised as to whether the property-owners ought not to pay this expense. Councilman Nickell said the driveway there had been used by Spring-street property-owners as public property, for the benefit of all sorts of them. If it was to be continued to be used for that purpose, then the Spring-street property-owners should pay for repairing the walk, which was the gateway at the entrance should be kept locked.

The regulation was referred to the Board of Public Works.

The motions were approved, except one from L. Howlett, the street-sweeping contractor, for \$18.

KICK ON STREET SWEEPING.

It was stated that the street sweeping has not of late been as it used to be, and Councilman Nickell, who it happens, is not on any committee to which the matter would be likely to be referred, said the matter ought to go to some committee to investigate and report whether the sweeping of the streets is being done according to contract.

Councilman Nickell referred to Mr. Nickell that he (Nickell) had his eyes open, as he was the rest of the Councilmen, the dam was referred back to the Finance Committee.

The Health Officer presented an ordinance amending the sanitary ordinance in one of its sections so as to provide that no carpet, rug or other machine should be deposited within 100 feet of any church, schoolhouse or dwelling-house.

The ordinance was adopted after changing the distance allowed from 100 feet to 200 feet.

Proposals for repairing the East Side incense-house, with street sweeping, were received as follows: Alexander Gillard, \$490.40; Webb & Blair, \$525. Referred to the Building Committee.

PUBLIC WORKS.

The report of the Board of Public Works as heretofore published, was read, and was adopted with two exceptions.

The recommendation of certain street signs to be purchased will stand, and the recommendation in regard to the grade of North Pritchard street between Downey and Flora avenues, was referred back to the board.

Besides these recommendations the following was reported:

"We recommend that the Street Superintendent be directed to place crosswalks at the following streets: Baldwin and Second, and Griffin and Union avenue, Baldwin and Griffin and Union avenue, Ingraham and Union avenue, Edgeware road and Bellevue avenue, and Lorne and Thirtieth streets. Adopted.

"We recommend that the City Engineer present specifications for furnishing stone for crosswalks." Adopted.

CITY ATTORNEY'S REPORT.

The City Attorney reported:

"As directed by you I have drawn a contract with Col. Schenck for the improvement of the intersection of Grand avenue and Jefferson street." Filed.

"I have also drawn and present herewith draft of a contract with the Herald Publishing Company for publishing the proposed charter amendments." Filed.

"You have instructed me to prepare a contract with H. C. Register for laying a twenty-four inch pipe three feet wide on Second and Fremont streets, said pipe to be laid in four inches of sand surrounding the entire pipe. Mr. Register claims that the requirement of four inches of sand is not in accordance with the specifications and advertisements under which he put in his bid, and that he cannot do the work as required, and that he will not require payment for the same under the requirement in the contract. At his request I have prepared a contract in accordance with his bid, leaving out the requirement

for which the committee had appeared.

THE EXPOSITION AGAIN OPEN.

The International Exposition is open in good shape, with all difficulties between the management and the exhibitors satisfactorily settled. The fair will be run to the end of the contracted time by the exhibitors, who will pay the expenses against the exposition and form a stock company, elect their own officers and managers and take full charge of the fair.

VIGILANTE.

Fraught with Danger.

LOS ANGELES, Nov. 26.—(To the Editor of The Times): It seems to me that the citizens of Los Angeles have no conception of the dangerous, far-reaching effects of the Spillman stipulation, or else they would instantly have been up against it, and before now, and before their knowledge, and before it became known.

What was the City Attorney, and what were the Councilmen thinking of when they committed the utterly inexcusable folly of falling into the Spillman trap, whereby endless trouble, litigation and loss will be brought upon our city?

Even word that Mayor Hazard is dead is true. Somebody's thundering years ago cost us \$50,000, as he says, and who knows where the trouble will end with this last piece of stupid blundering—which was worse than a crime—especially if the City Water Company is liable for Spillman. The first word we will be robed of the greater part of the water of our river, or the alternative will be endless and costly mitigation.

VIGILANTE.

The Exposition Again Open.

The International Exposition is open in good shape, with all difficulties between the management and the exhibitors satisfactorily settled.

The fair will be run to the end of the contracted time by the exhibitors, who will pay the expenses

about laying said pipe in four inches of sand, but I have approved this contract, and cannot do so unless so instructed by you." Referred to the Zanja Committee.

"As instructed by you I have prepared the following ordinances:

"Ordinance granting property-owners permission to lay pipes on Central avenue at the intersection of Westlake and Maple streets." Adopted.

"Ordinance regulating the depositing and destroying of wires carrying electricity for the purposes of light and power." Adopted.

"Ordinance for the widening of Thirteenth street, between San Pedro and Maple streets." Adopted.

"Ordinance regulating the depositing of oil in tanks, sanjas and other public places." Adopted.

"Ordinance granting permission to property-owners to improve a certain alley between the Fairmount and Westlake tracts." Adopted.

"At the request of Mr. Strohm I have prepared and herewith present an ordinance for the widening of Central avenue at a point near Eighth street." Laid over on the following day.

"Also an ordinance amending the fire limit of this city for the winter." Adopted.

"I have prepared and present herewith draft of a contract with the city engineer regarding the laying of pipe in San Pedro street, between Washington and Jefferson streets, and furnishing sewage water thereto." Referred to the Sewer Committee.

"Mr. Spence, as excecutive of estate of E. F. Spence has brought suit against the city to recover the lot of land at the northeast corner of Spring and Fourth streets, and under lot 5, of block 10, Ord's survey. I have examined the abstract title to this property and the affidavits furnished by city for a period of over forty years and under an oil grant made by the Ayuntamiento in 1850. Ord's survey recommends that the city sue in the name of the Spillman stipulation.

"I have prepared and present herewith draft of a contract with the city engineer regarding the laying of pipe in San Pedro street, between Washington and Jefferson streets, and furnishing sewage water thereto." Referred to the Sewer Committee.

"The object of this appeal to you is to prevent these unfortunate people from living in idleness and upon the benevolence of individuals." To accomplish this end, the committee, respectively, have agreed that an appropriation be made by the city and county of Los Angeles for the relief of these unfortunate people.

Spillman stipulation. The communication was filed.

MOTIONS.

Councilman Nickel moved to direct the Street Superintendent to repave the crosswalk at Downey and Griffin avenues. Referred to the Dept. of Public Works.

Councilman Smith moved that crossings be placed at the following street intersections: Turner and Lafayette, North Main and Chavez, Los Angeles and Ferguson alleys. Referred to the Board of Public Works.

Councilman Munson moved that the Board of Public Works be authorized to repair the intersection of Bonnie Brae and Arnold streets and make the necessary fill and change the curb as well as place the intersection at a point not to exceed \$150 for the fill, and that the Street Superintendent be instructed to put in the curb, gutter and culvert required. Adopted.

Councilman Munson moved that the City Water Company be again notified to place a fire hydrant at Loma dr. and Silver street, and put in the necessary 4-inch pipe to connect with it. Adopted.

Adjourned.

Petitions and Communications.

Besides those heretofore noted, the following petitions and communications were presented:

HE CLAIMS DAMAGES.

Herman Markwider, whose license for a saloon at No. 146 North Spring street was revoked by the Police Commission at a meeting held last week, presented a communication to the Council in which he said:

"The undersigned, a citizen and taxpayer of this city, most respectfully petitions your honorable body, and asks your careful consideration of the following facts in relation to the issuance to him of a saloon license by the honorable Board of Police Commissioners for a saloon to be kept by him at No. 146 North Spring street, and the subsequent revocation of the same by said board, by which proceeding the undersigned was put to great expense."

"The undersigned applied to the Board of Police Commissioners on November 6, 1894, for a saloon license, which was granted, application being referred by the board to the Chief of Police for his report thereon; and at the meeting of the board on November 13, the Chief of Police reported favorably on the application. At this meeting there appeared certain residents of the neighborhood who verbally protested against the issuance of a saloon license, notwithstanding the protest of the Board of Police Commissioners directed the issuance of a license to the undersigned. The undersigned therupon procured the necessary city and United States license and proceeded to open the place, and commenced making the necessary alterations to fit it up as a first-class saloon."

"At the next meeting of the board the same parties again appeared and addressed the board, desiring them to revoke the license issued to the undersigned on the 13th, and the Board of Police Commissioners without any cause given by the attorney, who was present, an opportunity to address them on his behalf, revoked the said license.

"To show the loss and damage which the undersigned has sustained by said action on the part of the board, he has been steadily employed at the 'Einstrachsaloon,' on Spring street, said city, for six and one-half years, and he only gave up his place in order to engage in the saloon business on his own account, and he is now, by reason of the action of said board, without employment of any kind whatever. His loss on this account is reasonably worth the sum of \$300."

"On account of the action of said board in revoking said license, the undersigned had suffered other and further heavy losses and damages: loss of his residence, contract made with carpenters, plumbers, paper-hangers and other mechanics for alterations he designed making in said premises, as per the following itemized particulars:

Paid J. T. Cuddy for securing lease and license..... \$400.00
One month's rent..... 125.00
City License..... 50.00
United States license..... 16.66
Loss on contracts with carpenters, plumbers and others..... 100.00
Loss of time since giving up job at 'Einstrach saloon'..... 300.00
Total loss..... \$991.66

"Wherefore the undersigned presents to your honorable body the above claim of \$991.66 against the city of Los Angeles, as a just and equitable claim, and prays your honorable body will take such action as the nature of the recompense for the loss he has sustained through the unjust action of the Board of Police Commissioners, as aforesaid."

Councilman Innes suggested that the communication be referred to the Police Commission, but it was, on motion, referred to the Finance Committee.

OTHER PETITIONS.

From P. Davis and another, asking that grades be established on the following: Davis street, between First and Fourth streets; Second street, between a point 150 feet westwardly and a point 124 feet eastward from Second street. Board of Public Works.

From F. L. Lee and others, asking permission to improve Twelfth street, between Georgia and Serrano streets, by private contract. Filed.

From H. W. Workman and others, asking that State street, between First and Fourth streets, be graded, gravelled and redwood curbed. Referred to the City Engineers to present an ordinance.

From E. W. Jones and another, asking that the paving of Broadway, between Sixth and Seventh streets, be repaired. Board of Public Works.

From the Geannan American Insurance Company, asking that the insurance policy on the City Hall be renewed. Finance Committee.

From John Weber and others, asking permission to grade gravel and cement on Templewood street, between Maple avenue and San Pedro street, by private contract. Board of Public Works.

From the East and North Main Street Improvement Association, asking that a footwalk be constructed at Main-street bridge. Bridge Committee.

From F. L. Lee and others, asking that St. Louis street, between First and Brooklyn avenue, be graded, gravelled and redwood curbed. City Engineer.

From F. Rodriguez and others, calling attention to an intolerable nuisance by the open ditch through which runs the sewage from the County Hospital, and asking abatement of the same. Sewer Committee.

From W. S. De Van and others, asking that the grade be established, and that a sewer be constructed on Grand avenue, from Court street to Temple street. Board of Public Works.

AT THE COURTHOUSE.

The Courts.

evidence in the Johnson case, took the matter under advisement until this afternoon.

M'MANUS WAS INSANE.

Patrick McManus, a native of Ireland, 52 years of age, was duly adjudged insane and committed to the State asylum at Highlands by Judge York yesterday in accordance with the recommendations of Drs. Wernick and Ainsworth, the examining physicians.

McManus was formerly a saloonkeeper, but for the past three years has been an inmate of the County Farm, his health having broken down as the result of a prolonged course of dissipation. During his residence at the poor farm McManus, who suffered from chronic rheumatism, took to his bed and refused to get up, showing how any of the attendants to approach him recently, because he harbored the delusion that someone was secreted under his bed, and he became so violent and dangerous that it was deemed expedient to place him under restraint.

THE INFORMATION DEFECTIVE.

In Department One yesterday Vicente Sepulveda and Charles Barker, a couple of boys, appeared before Judge Smith and a jury to answer to the serious charge of prison larceny, preferred against them by J. Calahan, who accused them of having stolen and killed a couple of goats on November 3 last.

At the conclusion of the evidence for the prosecution, which was of circumstantial nature, the court, upon motion of their counsel, who discovered a fatal defect in the evidence against them, advised the jury to acquit the juvenile defendants, which was done, and the boys were therefore discharged.

Court Notes.

Judge Clark heard and granted the application of George Leaver for a decree divorcing him from his wife, Sarah J., upon the ground of desertion, in Department Two yesterday morning.

Judge York yesterday granted the motion of the defendant in the Spiteless divorce case, and directed that the plaintiff recover \$20 per month during the pendency of the action, and also \$100 attorney's fees and \$25 costs within five days.

The motion for a new trial in the case of the California Loan and Trust Company, the Johnson loan, which was submitted on November 19 last, was denied by Judge Van Dyke yesterday.

Pursuant to a stipulation filed therein yesterday Judge Shaw ordered a dismissal of the proposed motion for a new trial in the case of Robert J. Trumbull vs. Samuel Parsons et al.

In the Probate Court yesterday Senator White commenced the closing argument for the contestants in the Pratt will case, in the presence of a large crowd of spectators, among whom were many of the friends of the contestants. He urged his client's right to the jury this morning, but it is not probable that the case will be submitted to the jury until Wednesday afternoon or Thursday morning next.

New Suits.

Among the documents filed with the County Clerk yesterday were the preliminary papers in the following new cases:

Helen A. Woodward et al. vs. J. D. Stoddard et al., appeal from the Township Court.

Thomas James vs. Los Angeles Consolidated Electric Railway Company, appeal from the Township Court.

J. H. Bradbeer vs. J. L. Patterson, appeal from the Township Court.

Fred A. Arnett vs. Michael Stoddard et al., action to foreclose a mortgage on property in Commercial street for \$4500.

T. C. Kornahan vs. John B. Camp, action to foreclose a mortgage for \$2100 on 17.25 acres of land at Pomona.

In the Probate Court yesterday Senator White commenced the closing argument for the contestants in the Pratt will case, in the presence of a large crowd of spectators, among whom were many of the friends of the contestants. He urged his client's right to the jury this morning, but it is not probable that the case will be submitted to the jury until Wednesday afternoon or Thursday morning next.

40 YEARS THE STANDARD.

J. T. Sheward,

113-115 N. Spring St.

THE cool weather brings the cloak buying up to the highest standard. The sales begin to feel the impulse of the big reductions that are now being made in every department in the house. The cloak reductions are the most pronounced, if we omit the dress goods department. There is stability; there is strength; there are honest statements at the back of the low prices. We advertise for the purpose of drawing business. We make truthful statements to make the advertising more effective. When we advertise a big reduction in the cloak department we are stating facts that will need no verification when you see the goods and the prices; we are selling cloaks at the lowest prices they have ever been sold for; the cloak sales are responding to these low prices. The big buying is now at its best. We are making the lowest prices that have ever been made in the sale of nice new cloaks. Special prices on Children's Cloaks. If you are intending to buy a cloak this season we want you to come in and look over the new prices; that is a convincing argument, when a person can see the big reductions in prices. We are giving fine canes free with a \$5 purchase; the canes are worth from 50¢ to \$3 each; you may take your choice. One of the best Christmas bargains is a lot of large size dolls with real hair; the hair is extra long and this alone is worth all we ask for the dolls; they are \$2 each; their real value is \$5; we have a limited quantity only, and these will all be sold before Christmas; you had better consider this if you want an extra fine doll at a reasonable price. The great Dress Goods sale has been the most remarkable success. We have more than doubled the dress goods trade and are showing a large increase each week over the preceding week. Our dress goods trade has been very large all season; the present prices are an object if you want the most desirable goods; we are offering no old styles; the dress goods bargains are the new goods that everybody is buying; the 75c line is the best value you ever saw; they are choice, staple goods of the highest character; they are having a wide distribution and the good results from the high character and the staple styles will be felt for the next year to come. We cut, fit and baste capes free for all who buy their materials here. Special bargains in Ladies' Jersey Ribbed Underwear, 33¢ and 50¢ for goods that are worth 50 per cent more money. Remnants of Silks and Velvets at very low prices; they are suitable for making articles for Christmas. Canes free with each \$5 purchase.

THE USUAL RACKET.

The Weekly Meeting of the School Board.

The Basis of Settlement of the Case of Principal Moore is Suppressed.

Heated Debate Over the Kindergarten Superintendence—Mrs. Hughes and Dr. Willis Declare Themselves.

The present Board of Education, or at least a majority of it, appears to be bent on leaving behind it, as it retires from office on January 1, a record that shall be more than notorious. The meeting last night took part in an unpleasantly large amount of the disgraceful scenes which have characterized sessions of that body since nearly two years ago, when a confounding public elected it to office.

The board met almost half an hour late, with all the members present, except Dr. Willis.

Superintendent Search reported, recommending that the vacation at Christmas and New Year's last for two weeks, on account of the holidays each coming in the middle of the week. The recommendation was adopted.

The Finance Committee presented the following financial statement of funds of the board on November 26, 1894:

CORPORATE SCHOOL FUND.
Receipts for October... \$18,331.95
Receipts for November... 11,533.28
Expenditures for October... 17,941.35
Expenditures for November... 5,764.74 22,005.00

Balance on hand November 26, 1894... \$5,781.17
TEACHERS' SALARY FUND.
Expenditures for September... \$19,382.00
Expenditures for October... 19,180.00
Expenditures for November... 19,240.00
Balance on hand Sept. 1, 1894... \$57,802.50

Overdrawn November 26, 1894... \$45,965.00
The usual demands were approved.

The Teachers' Committee presented the following report: "We recommend that Emily J. Goodwin and Mrs. Curtis be elected substitute teachers; also that the proceedings in the case of S. H. Moore be dismissed on the basis of settlement arranged in the committee; also that Miss Mary Fay be transferred to the High School, and Edward Hutchinson to the principalship of the school." Hutchinson was immediately absent on his feet, and he inquired what the "basis of settlement" was. He, as yet, did not know. Furthermore, he wanted to know why it was that Edward Hutchinson had been treated as lightly as he had for his conduct, and his subsequent admission. Not only had he been thus absent, but he had been absent conducting one of the most scurrilous campaigns on record. As for Principal Moore, he had deliberately insinuated the superintendent at a board meeting. It seemed but right he should apologize.

Mr. Trask frigidly remarked that the basis of settlement agreed on by the committee had been left with the superintendent, and would be open to inspection to all the members of the board at all times.

The report was adopted, Dr. Willis and Mrs. Hughes being the only ones to vote against it.

The special committee, composed of Mr. Patty, Dr. Willis and Mr. Stein, reported: "Your committee appointed to examine as to the two bills put in by Messrs. Savage and Stewart for 'extras,' beg leave to report that they do not consider that the work done and material furnished come under 'extras' as per contract."

Mr. Patty moved that Mrs. M. M. Claverty be elected director of the kindergartens.

Mrs. Hughes protested against such action and said the position ought to be given to Mrs. Maybey, who had done so much for the kindergartens of Los Angeles.

The candidate named by Mrs. Hughes was supported only by Dr. Willis, Mr. Platt not voting, and Mrs. Claverty was thereupon declared elected.

Mrs. Hughes arose and, in a voice of suppressed emotion, administered a scathing rebuke to the members of the board who voted to defeat her candidate that they will be likely to remember. It is a disgrace, she said, and the sooner the members of the present board are out of office the better.

The board adjourned somewhat abruptly.

IN SOCIAL SPHERES.

A pleasant surprise was tendered Will Harrison at his home, No. 218 North Sichel street, East Los Angeles, last Friday night. Music and games were in order, and light refreshments were served.

Among the guests were Misses Langbein, Agnes and Alice Barrett, Pastora and Helena Griffin, Alice Riley, Ada Post, Stella White, Cora Boquist, Virgie Davidson, Alice Gordon, Lena and Christine Weidner, Ghita Carlisle, Lena Reed, Urs Nichols, Minnie Bowman, Jessie Todd, Mae Russell, Myrtle Connor, Kate Baker, Mary Wooster, Grace Boal, Myrtle Pronto, Molie R. Dean, Linville Trish, Meers, Morley, Campbell, H. J. Hallid, LeDrew Kinney, Walter Botts, George Burgoyne, Pierce Baldwin, Gabe Meyer, Will Reed, John Johnson, Lester Kavanagh, Fred Bodman, Pauline Cateson, Thomas H. M. Johnson, Jr., H. Robertson, C. Riley, E. Langbein, Ben Tyler, J. C. Stockwell, Ed Stockwell, A. Davidson, W. D. Leeds, W. D. Henry, H. White, L. Weidman, F. Leeun, R. J. Senour, F. J. Stilson, Franklin Buckhard, James Martin, Will and Joe Muir.

PLEASANT PARTY.

A very pleasant party was given Sunday at the residence of Mr. and Mrs. W. L. Danziger, in honor of their second daughter's birthday. Games were indulged in after which refreshments were served. The parlor was beautifully decorated with the colors of the country. Misses Sam Federman, Rena Phillips, Anna Thomas, Lily and Gus Benjamin, Zehner, and Polly Bromberger, Dolly Silverberg, Annie and Catherine Smith, Marguerite and Blanche Ford, Hermina Berk, Minnie Newman, Jenny Benjamin, Eva, Aida and Nellie Danziger, Masters Oswald Berk, Welcome Smith and Jackie Danziger.

THE EBELL.

The Ebell Club met at No. 1026 South Olive street on Saturday morning in solemn conclave. The charter members, sixty in number, were well represented, and a number of new names were proposed. The officers were elected, a sketch of Dr. Adrian Ebell and his educational work for women, with the constitution and by-laws of the officers and charter members, were distributed. A letter of greeting was read from one of the members of the Oakland club, and a most interesting address was made by the president, Mrs. Harrison W. R. Stoddard, exhorting the members of the club to high ideals of work in the different sections of study, and more advanced and consecutive lines of thinking. Comparisons were made between the methods of study adopted by the sexes and their results. Papers were read by members of the tourist section, and five minutes were given the ladies for conversation on the subjects under discussion. When the meeting was called to order, the ladies were appalled to be called on to report their part in the conversation, which had wandered somewhat from Germany. At the next social meeting the audience will be larger. Ten-minute papers will be read, and a general discussion will take place afterward. This

REYNOLDS-POTTER.

The marriage of Scott Reynolds and Miss Nelle Potter was celebrated at the Second Presbyterian Church of East Los Angeles on Sunday last at 8:30 p. m. The Rev. L. F. Laverty officiated, and the impressive and interesting ceremony was witnessed by a large number of friends of the bride and groom.

The bride was tastefully attired in white nun's veil with silk and chiffon trimmings, and wore white gloves and slippers. The maid of honor was Miss Ada Barkay and Miss Zoe McCay. The former was dressed in pink silk and the latter in red.

When the marriage ceremony was over the happy couple received the congratulations and best wishes of their many friends. Refreshments were served at the residence of the groom on North Truman street, and at a late hour the guests departed.

Among those present were: Mr. and Mrs. E. J. Herwick, Mr. and Mrs. H. L. Herwick, Mr. and Mrs. A. H. Seavers, Mr. and Mrs. W. H. Betsworth, Mrs. C. A. Barkay, Mrs. Kittiestrong, Mrs. Maggie Deems, Mrs. Etta Wingert, Mrs. Siddle Morris, Misses White, Florence Herwick, L. Castell, Lucy White, Daisy Bonner, Floy Adams, Ada Barkay, Zee McCoy, Dr. J. R. Arnell, and Messrs. J. Metcalf, Charlie Chick, D. Chenevert, J. J. Noble, D. W. Noble, W. N. Noble, C. G. Coleman, W. B. Severick, Will Winter, Frank M. T. Williams, J. A. Durge, J. Miller, A. L. Redfern, C. G. Grottinger, F. Herwick, B. Treesh, J. Betsworth, J. G. Wadsworth, E. E. Coryell.

OMIKRON BANQUET.

Omkron Chapter, Kappa Alpha Theta, gave its annual banquet last evening at the Hollenden Cafe, in honor of its new members, Miss Anna Henderson and Mrs. Ada Ross. The decorations were very handsome, violet being scattered profusely over the table, and a Grecian vase of black and gold, the chapter colors, surrounded the regular arrangement of yellow satin, embroidered with fanas, the cub flower, were laid beside each plate. Miss May Curran acted as toast-mistress, and spoke upon "Greetings," while the remainder of the toasts were distributed as follows: "New Members," Miss May Pallette; response, Miss Anna Henderson; "Omnibus," Miss Lillian Bovard; "Brookside," Mrs. Bovard; "Merry," Misses Florence Sawyer, Cora Cass, Helen Shieffelin, Ella Barber, Anna Henderson, Martin, May Pallette, Lillian Bovard, May Curran.

PLATT-FORBES.

Henry P. Platt, secretary of the Board of Education, was married in San Francisco Saturday, November 24, 1894, to Eva Forbes, at the residence of her parents, No. 1663 Franklin street, by the Rev. L. C. Price. Miss Price is a lady well-known in San Francisco, having been born there, and is the daughter of H. W. Forbes, formerly one of the assistant postmasters in that city. The wedding was a private one, none but immediate relatives and friends being present. Mr. and Mrs. Platt will make Los Angeles their home, and will go to housekeeping.

NOTES AND PERSONALS.

Mr. and Mrs. Armand de Potter arrived yesterday from New York, and are the guests of Mr. and Mrs. W. B. Edwin. Dr. and Mrs. Joseph Grier were married from their former residence on West Adams street and Vermont avenue to Adams and Thornton streets.

The second of the Fuller-Blair concerts will be given at the Blanchard-Fitzgerald Hall next Friday evening.

The special committee, composed of Mr. Patty, Dr. Willis and Mr. Stein, reported: "Your committee appointed to examine as to the two bills put in by Messrs. Savage and Stewart for 'extras,' beg leave to report that they do not consider that the work done and material furnished come under 'extras' as per contract."

Mr. Patty moved that Mrs. M. M. Claverty be elected director of the kindergartens.

Mrs. Hughes protested against such action and said the position ought to be given to Mrs. Maybey, who had done so much for the kindergartens of Los Angeles.

The candidate named by Mrs. Hughes was supported only by Dr. Willis, Mr. Platt not voting, and Mrs. Claverty was thereupon declared elected.

Mrs. Hughes arose and, in a voice of suppressed emotion, administered a scathing rebuke to the members of the board who voted to defeat her candidate that they will be likely to remember. It is a disgrace, she said, and the sooner the members of the present board are out of office the better.

The board adjourned somewhat abruptly.

Licensed to Wed.

Marriage licenses were issued at the County Clerk's office yesterday to the following persons:

Charles A. Faulk, a native of Missouri, 30 years of age, to Mary J. Good, a native of Ireland, 22 years of age; both of this city.

F. H. Arismendes, a native of Mexico, 27 years of age, to Caroline Guerrero, also a native of Mexico, 24 years of age; both of this city.

Frank Bacon, a native of England, 38 years of age, to Emma V. Lee, a native of British Columbia, 25 miles of age; both of Lancaster.

Charles T. Lohack, a native of Ohio, 34 years of age, to Salt Lake City, to Mrs. Louise C. Owen, a native of West Virginia, 35 years of age, to Long Beach.

Samuel H. Stevenson, a native of Canada, 27 years of age, of Monte Vista, to Mabel Eva Sutton, a native of Colorado, 16 years of age, of La Crescenta.

The Deaf Mutes.

The meeting of the Deaf Mute Society of Los Angeles was held at the Young Men's Christian Association building, corner Broadway and Second street, Saturday evening. Every member was present. Mr. Kracke, the president, announced that he desired to resign, and made a motion that the society be reorganized. It was adopted unanimously. Officers were elected without any opposition as follows: President, John C. Beckweg; vice-president, Mrs. H. Dahl; secretary, T. Faulkner; treasurer, Henry Kracke; sergeant-at-arms, James Lane; members of Committee to Visit the Needy and Sick Mutes, Thomas and F. H. Kracke.

The object of the new "Galaudet" Deaf-Mute Society of Los Angeles is to promote the improvements of knowledge and the social welfare of its members.

Discovered His Error.

George St. Clair was up before Justice Seaman yesterday on a charge of vagrancy. He pleaded guilty, and was given twelve hours in which to leave the city. St. Clair is a younger halling from New York city, who started West on a hunt for Indians and other big game. He found that his 10-cent "Three-fingered Jack" stories were a delusion and a snare before he got to St. Joe, but it needed some meting of minds of Denver to convince him that the "Jack" story is not found along the trunk lines. Since then he has been on the road, but says he is going to leave here for home, as New York is good enough for him.

Walked Out of the Dock.

Bailiff Appel has a daily attack of that tired feeling now that the tourist travel has set in. The boxcar variety is alarmingly large, and the long lists are wearying. But yesterday Charles Anderson took a mean advantage of him, and his heart is sorely troubled. He left the dock only when the bailiff called him up and he find that the prisoner had made his escape.

Ransom Home.

The friends of the Ransom Home are asked to remember that Thursday is Thanksgiving, and that "it is more blessed to give than to receive." They may gladen their own festivities on that day by a timely contribution to the Thanksgiving dinner of the Ransom Home.

THE SPILLMAN STIPULATION.

A STATEMENT FROM THE CITY ATTORNEY.

His Side of the Controversy is Set Forth at Length in a Communication to the City Council.

City Attorney McFarland yesterday presented to the City Council the following communication, giving his side of the controversy over the Spillman water stipulation, and in answer to the criticisms of Ex-Mayor Hazard:

LOS ANGELES (Cal.) Nov. 21, 1894.

To the Honorable Council of the City of Los Angeles—Gentlemen: My attention has been called to an article published in Monday's Times giving an interview with Mr. H. T. Hazard, in which he states that the stipulation entered into in the Spillman water suit does not protect the city's interests; that by it Mr. Spillman is given the right to drain the waters of the river or to tunnel under the river, or to divert or carry any water from the river to the Cahuenga Valley or elsewhere. He cannot even take a drop of water out of the river in case it is shown that it would lessen the flow of the river. The city can enjoin Mr. Spillman the moment he sticks the first spade in his own land for the purpose of developing water, or when he commences to tunnel or develop under the river. And, in my opinion, Mr. Spillman is in an infinitely worse condition now than he had never brought suit.

The concluding part of Mr. Hazard's statement where he states that the completion of the works of Mr. Spillman would allow him to absorb the water from the land which the city is now contemplating obtaining for headworks is false and misleading, if not more so, than the garbled stipulation that he published. While the land owned by Spillman and concerned in this suit is situated on the San Rafael ranch on the east side of the river, and lands opposite that station at Tropico, the land which the city is now acquiring for headworks lies upon the west side of the river, at least three miles above the Spillman land, and at an elevation of probably seventy feet above it. Any man of common sense knows that developments upon the land in question will not affect the water rights of the city.

I read the stipulation upon the date it was signed, and I find that it is not only the stipulation itself, but the affidavit of the parties thereto, that the city's interest has been fully protected at all points. I recognize the fact that all of our official acts are the property of the public, and that they have the right to inspect them, but the city has no right to allow anything to stand in the way of its consummation; and I believe that any public official who seeks office who, in any way stands in the way or interferes with the consummation of this project will be met with the severest condemnation.

I have taken all this time and trouble to fully explain this matter, not so much for the reason that it was a personal matter reflecting upon the Council and myself, but for the reason that it was a matter in which the public is more interested.

Mr. Spillman's affidavit states that he could possibly have to the water lying in the same, and that he could prove to the court that the city claimed some interest in the waters in the land, and asked that his title be quieted, so that the city should be quieted. No other land or waters except that contained in the fifty acres of land lying on the east side of the Los Angeles river and two miles north of city limits, Spillman claimed that he owned all the water lying in the same; alleged that the city claimed some interest in the waters in the land, and that he could possibly have to the water lying in the same, and that he could prove to the court that the city claimed some interest in the waters in the land, and asked that his title be quieted, so that the city should be quieted. PASADENA.

THE SOUTHERN PACIFIC WILL GET ITS FRANCHISE.

Nothing but injunctions can delay the occupation of Broadway—Proposed for Parks—Personal Mention.

PASADENA, Nov. 26.—(Special Correspondence.) At the meeting of the City Council today all the members were present and a large audience crowded the lobby. The Southern Pacific franchise was first taken up, and President Lukens invited the friends and opponents to make their remarks. No one seemed to have anything to say. Trustee Wead then arose and delivered himself of a flowery speech, a prose poem, in which he declared himself in favor of the railroad. He said that property-owners had asked him not to place any obstacle in the way of the railroad occupying Broadway. After giving his reasons for his preference he made a motion that the franchise be granted by the Southern Pacific Company be granted. Mr. Forsythe made a short address against the motion, and he and Trustee Wead indulged in a series of witty conversational points of view. Trustee Hamilton said he thought that the point could be reached without such a waste of words. For his part he would never vote for the franchise until the railroad had settled the question of damages with the property-owners. Col. Pitcher, the earnest addressee, who had urged the Council to go slow in granting the franchise. Judge Wead called attention to the fact that his motion had not received a second. Trustee Cox then made a little speech defining his position and seconding the motion. President Lukens said he did not care for the franchise until the property-owners had been satisfied. Trustee Washburn said he expected to vote for the resolution, believing that to be the best way to bring about a settlement. After much more spirited controversy among members and lobbyists the question was put to the vote and carried in Trustees Cox, Washburn and Wead voting for it, Trustee Hamilton and President Lukens voting no.

Misled by the wording of the motion some of the audience thought the franchise had been granted, when, as a matter of fact, the Council had only resolved to postpone the vote until a more favorable time. Several members of the Council had voted for the franchise. Judge Wead voted for it, Trustee Hamilton and President Lukens voting no.

Mr. Solon Briggs of Jersey City, who came to Pasadena on account of his brother's illness, has decided to remain here until the winter is over. He has urged the Council to go slow in granting the franchise. Judge Wead called attention to the fact that his motion had not received a second. Trustee Cox then made a little speech defining his position and seconding the motion. President Lukens said he did not care for the franchise until the property-owners had been satisfied. Trustee Washburn said he expected to vote for the resolution, believing that to be the best way to bring about a settlement. After much more spirited controversy among members and lobbyists the question was put to the vote and carried in Trustees Cox, Washburn and Wead voting for it, Trustee Hamilton and President Lukens voting no.

Nothing Known of the Tannery Project—News Notes.

SAN DIEGO, Nov. 26.—(Special Correspondence.) Secretary Young of the Chamber of Commerce, who is deeply interested in the cultivation of canaries for tanning purposes, and probably has been proposed in this country on the canary industry, says that he does not know of the proposed organization of a company for the establishment of a tannery, as reported in the morning paper.

Miss Alvin Schmidt of Alpine and George Haberfeld of this city, were married at Alpine, Nov. 26.

Alvin Schmidt, a young man from San Diego, approached the compliment by the Los Angeles Military Band at Westlake Park, Los Angeles in playing the "San Diego March" as the initial number of the programme at the Sunday concert.

THE AMERICA'S CUP.

Dunraven not Ready to Reply—Alleged Differences with Watson.

LONDON, Nov. 26.—(By Atlantic Cable.) Up to today, Lord Dunraven had not received the reply of the America's Cup Committee to his propositions in regard to the next international yacht race. It is believed that the letter to the committee was delivered to Lord Dunraven's London residence on Saturday, and that it was forwarded to him unopened to the place where he is staying in Ireland.

Lord Dunraven has been questioned by the Associated Press in regard to the story circulated in the United States that differences in opinion had arisen between him and George L. Watson, the yacht-designer, as to the class, centerboard or keel, of the challenger which His Lordship is understood to be on the point of ordering. Replying to the Associated Press as to whether the reply of the Cup Committee will be published here, he said that he had written to Watson, enclosing a copy of the dedication of Myrtle place, and accepted Myrtle place as it is now defined. Action on the matter was deferred one week.

Prof. M. P. Parker appeared before the board to urge the adoption of aggressive measures to obtain a franchise, pointing out that the master is one of much consequence to people living at a distance from the center of the city. He suggested that the board provide some means of caring for the tramps in much the same manner as it does for the police.

The remarks of Prof. Parker prompted Judge Wead to make a motion that the City Marshal may be empowered to appoint two more policemen at \$50 a month. When this had carried he made another motion that the City Attorney be instructed to draw an ordinance providing for a chain gang, explaining that this can work and won't work should be made to work on the streets. This motion also prevailed.

The City Marshal retorted that he had sent W. U. Masters a deputy marshal without pay. The appointment was approved.

Bills reported by the Committees on Auditing and Finance, amounting to \$458,55, were ordered paid.

The Lester Avenue bridge matter bobbed up again. A petition was presented signed by Mr. Schlimmer and several of his neighbors, asking the Board to make a roadway through the gully. There seems to be some difference of opinion among property-owners of that neighborhood, which must be settled before the desired improvement will be made.

A number of residents were from citizens, who desired the privilege of putting in sheds of wood and corrugated iron, for horse-shelters—one from Billings & Lancaster, one from A. W. Keay and from the Pasadena Sewer Improvement Company. The former case of two of them, a concession would be a violation of the fire ordinance, the Council perceives the importance of sheltering horses during the approaching wet season, and the ordinance will be so modified as to give more latitude in granting requests of this kind.

Permit to build was granted to R. M. Walker to build a one-story cottage on De Lacy street, near Union.

A communication was received from the Evening News, asking the board to let the contract for the city printing on the 1st of next January, the lowest bidder. This prompted considerable comment on the subject of city printing, and the result was that the letter was granted.

There were two bids for constructing the sewer on Peach Place. J. B. Hughes offered the job at the 200 feet of sewer for \$100, and M. T. Simpson wanted 67 cents per linear foot. Mr. Hughes was awarded the contract. The same communication bids for masking the sewer on Valley street, De Lacy street and Orange Place. Mr. Hughes asked \$100 for making the 1648 feet and Mr. Simpson asked 67 cents per linear foot. Mr. Hughes got this contract also.

President Lukens drove from his pocket two 2-cent postage stamps on it, and, remarking that he had something there he could not afford to board, he tore it open and took therefrom a typewritten document, which he looked at and said he thought the board would read it and discuss it in private when there were no newspaper reporters around.

The board adjourned to meet again Wednesday morning.

"Cordovena," the new material for ladies' misses' and children's shoes, is the same as the "Cordovana" used by gentle- men's boot makers. Pure durability is leather equal to it. Cordovena shoes are being introduced in the market by William Gibson, No. 142 and 144 North Spring street. No other dealer has them. They are very nice and common in all the various styles. Everybody should see them.

Heathcote made a confession to Sheriff Cline, which is substantially as he testified at his examination today. He admitted the robbery and gave the details of that proceeding. He said he was inside and Feeler was keeping watch at the back door when they became accustomed to the exercise of the full rights of citizenship. Mr. Kinney in response held that there is no such thing as an abstract right, as right after all rest upon the ability to maintain them.

PERSONALS.

Col. H. G. Otis, of the Times, has been confined to his house for the past two days by sickness.

Ex-Senator Chalmers and wife of Washington, D. C., are among the late arrivals at the Hotel St. Angelo.

Miss Kate, Miss Frederica Kant of Washington, D. C., are registered at the Hotel St. Angelo.

W. W. Howard, of this city, who has been absent for about two months on an Eastern trip, has just returned.

The following Los Angeles people arejourning at Arrowhead Springs: Mrs. B. Weinheimer, O. W. Brodshim, Otto Brodbeck, J. B. Lankershim, R. H. Putnam, R. P. Howell, J. Cohn, W. C. Edes, H. M. Lake, Charles M. Toll and Mrs. S. E. Toll.

The town was filled with people from all the neighboring country and long before the hour set for the examination, the court and vicinity was densely crowded by residents of the town and many other friends of the popular young merchant who had been so cruelly murdered. The crowd was quiet and orderly, and no demonstrations whatever were made against the prisoners, although now there is no doubt as to their guilt. In fact both were eager to tell all about it and it is this which is the chief interest of the crowd which avows positively that the other did the killing, although their stories otherwise correspond closely as to detail.

They agreed that they planned to rob the store, but had no intention of committing the murder. They went over the provisions and hidden under the porch; how their knowledge of Elkan's habits and Healey's familiarity with the premises enabled them to make all their moves without danger of detection. They were at their work when Elkan left the residence to go to the office of Sheriff Cline, which is substantially as he testified at his examination today. He admitted the robbery and gave the details of that proceeding. He said he was inside and Feeler was keeping watch at the back door when they became accustomed to the exercise of the full rights of citizenship. Mr. Kinney in response held that there is no such thing as an abstract right, as right after all rest upon the ability to maintain them.

DEATH RECORD.

GAY.—In Los Angeles, at the home of Freeman Gay, Ernest L. Gay, aged 38 years.

Funeral Tuesday at 10 a.m. from Asbury

E. Church, East Los Angeles.

CORNELL.—At Arrowhead Springs, November 26,

Funeral of Cornelius Pech & Chase's undertaker

parlor on Broadway, between Third and Fourth streets, Wednesday afternoon at 2 o'clock. Foresters invited to attend.

C. D. HOWRY,

The leading Funeral Director, in fitting up and furnishing the large residence he now occupies for his business at Fifth and Broadway, has decided to close his doors to all competitors. The importance of this acquisition to Los Angeles cannot be overstated. All the conveniences of a home will be given to him.

Healey told exactly where he hid the money along the route of their flight and Sheriff Cline found the whole amount, over \$360, in the very places named.

Feeler, on the contrary, wrote out his statement, and swore to it before Justice Barnes, who fired the shot. He agrees that Healey was inside the store, while he watched, and that when he heard Elkan coming he told Healey of it. Healey said to sandbag him. When Elkan came up he engaged in an altercation with him, and revolver was drawn and leveled at Elkan. Elkan was hit in the left hand, it in his left hand, when Healey twisted it over, and pulled the trigger. The burns and powder marks around the wound bear this out. Healey then grabbed the revolver and they fled over the route before spoken of, depositing the revolver in the hands of Miss Lowe, who met them at the corner of Broadway and Temple. Elkan was unarmed and money bags into the water. Healey also threw his revolver into the water. The revolver was Healey's. He said that he had not sold it for \$1, was proved.

Deputies Sheriff Cline and Kenyon were examined and stated what they knew. Mr. Barnes, who fired the shot, as did the doctors.

The men were held to answer before the Superior Court, without bail.

THE ELIKAN MURDER.

EXAMINATION OF THE MURDERS AT LONG BEACH.

Details of the Crime as Told by Themselves—Each Accuses the Other Having Done the Shooting.

The preliminary examination of L. T. Healey and E. A. Feeler, on the charge of robbing and murdering Camille Elkan on Long Beach on the night of November 22, was called yesterday morning at 11 o'clock, before Justice Rosecrans, at that place.

The following Los Angeles people arejourning at Arrowhead Springs: Mrs. B. Weinheimer, O. W. Brodshim, Otto Brodbeck, J. B. Lankershim, R. H. Putnam, R. P. Howell, J. Cohn, W. C. Edes, H. M. Lake, Charles M. Toll and Mrs. S. E. Toll.

The Single Taxers.

Quite a large audience assembled at the Single-Tax Club's meeting last evening to listen to a discussion on woman suffrage between Mrs. C. C. McComas and Hon. Abbot Kinney. The lady championed the right of woman to the ballot on the grounds that women bore equally with men the responsibilities of life; that they are taxers and contributors to support the burdens of government, and that it is unjust to deprive them of participation in the management of public affairs; that wherever granted the suffrage they had used it to advance the cause of good government and whatever mistakes they might have committed would be corrected in the future when they became accustomed to the exercise of the full rights of citizenship. Mr. Kinney in response held that there is no such thing as an abstract right, as right after all rest upon the ability to maintain them.
